

Committees Under the Responsibility of the 1st VP

Fundraising Committee – This committee oversees all dedicated fundraising activities such as York Fair, Bingo, Christmas Trees, Ham & Turkey Raffles, Pork Supper, Chicken BBQ and Sticky Buns.

Audit & Finance Committee – This committee oversees the financial business of the club and performs at a minimum a yearly audit of the treasure book, accounts and operations.

LCIF Committee – This committee is responsible for reporting to the club members, any information, function and or business concerning and or dealing with LCIF.

The 1st VP does not necessarily need to be an active member of these committees. However, it is his responsibility to interact with the Chairman of these committees and verify the committees are functioning as needed. It is also his responsibility to interact with the Chairman of these committees prior to each regular Lions Club meeting, to see if there is any business from the committee that needs to be presented to the body. If there is business that needs presented, he will call on the Chairman of the committee to present that business during the 1st VP's report time.
